

# WHO WAS JESUS?

*[Galilee]* — Jesus went about preaching and teaching and healing in the villages in Galilee. Many people followed him and listened to his words. Soon even King Herod heard of the wonderful things Jesus was doing. Everyone began to ask who Jesus could be and where his power and authority came from.

Some were saying that he was John the Baptist raised from the dead. John the Baptist was a prophet who wore camel skins and ate locusts and preached in the desert. Many people came out to hear his message of repentance and were baptized by him.

Others said that Jesus must be the prophet Elijah sent back to earth to preach God's message to the people. Elijah was a great prophet from a much earlier time who had led the people in God's ways.

But Jesus was not John the Baptist or Elijah. He was God's Son who was sent to earth to save all who believe in him.

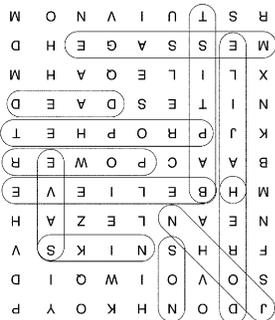

Mark 6:14-29
