

FIND OUT HOW MUCH IT COSTS

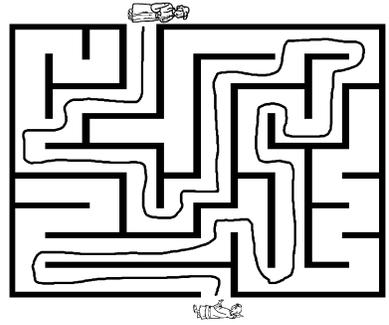

(On the way to Jerusalem) — Many people who listened to Jesus preach and teach thought it would be exciting to be one of his followers. But Jesus knew that some of the people who wanted to follow him were not really ready to come with him.

Jesus told the people who wanted to follow him that it might cost more than they wanted to pay. They might lose their friends. They might have to leave their family behind.

Jesus said deciding to follow him was like deciding if you can afford to build a fancy building. What would happen if you started building it before you knew how much it cost? You might have to stop before you got the front door on, or the windows in, or the roof finished. People would come by and see it half finished and laugh. Jesus said, "Count the cost."

SUNDAY ACTIVITIES FOR CHILDREN

Circle Puzzle. Follow the trail, around and around, collecting letters as you go. As you find each one, write it down on one of the blanks, the first letter on the first blank. They will spell a mystery message from today's Gospel story.

Follow the Path. The young man at one side of the path has decided to travel to where Jesus is teaching. Someone has to show him the way. Can you get him to the other side where Jesus is without crossing and solid lines?
